PLANNING YOUR PROJECT:

1. **Is your porch one, two or three sided draw the shape of your porch on the grid.**

   **Example:**
   - 1 sided
   - 2 sided
   - 3 sided

2. **Where is the door, place the door in your drawing.**

   **Example:**

   ![Grid with door placement example]

3. **Sketch an elevation of the front of your porch, then sketch the other sides with horizontals and verticals in position.**

   **Example:**
   
   ![Elevation sketch example]

4. **Using your sketches, determine the number of 8 ft. lengths you will need.**

   **Example:**

   **Sizes you need**
   - 1.5” caps x 8’ 10
   - 3.5” caps x 8’ 9
   - 1.5” caps x 8’ 10
   - 3.5” caps x 8’ 9
