

# PVC SCREEN WALL SYSTEM

## PRODUCT OVERVIEW

Comprised of vinyl reinforced with composite fiber additives, Screen Wall enables home pros and DIY home owners to create a beautiful and durable porch structure that will stand the test of time.

- ✓ **Create Posts, Rails & Other Elements**  
Modular PVC components for a nice, clean look with or without an existing porch structure.
- ✓ **Easy Installation**  
This unique reinforced PVC vinyl framing system allows you to screen from the interior or exterior of your porch using flat spline, in less time.
- ✓ **Tested for Weight & Weather Resistance**  
The PVC components surpass traditional aluminum porch systems in extreme wind and weather.
- ✓ **Unlimited Screening Configurations**  
Screen Wall can either attach to existing porch structure or be used to create porch structure elements.
- ✓ **Hidden Fasteners for a Clean Look**  
Screen Wall creates a seamless appearance with its 100% hidden fasteners.
