WRAP N' SNAP's Patent Pending Snap-Lock System

Turning a treated post into a finished column can be accomplished in just minutes! Our patent pending Snap-Lock system also allows for one person installation.

Simple to Install

Simply apply adhesive in the joints of the column wrap.

Place the wrap around a treated post.

Snap the ends together.

Wrap N' Snap Column Wrap is available in five different sizes in 8.5 ft or 10 ft lengths to meet most building or remodeling requirements.

Sizes include: 4x4, 4x6, 6x6, 8x8 and 10x10.

Column
Wrap System
with Snap-Lock Design

Create a long-lasting, maintenance-free column.

WRAP N' SNAP Transforms Treated Posts To Finished Columns In Minutes.

The Wrap N' Snap Column Wrap transforms a treated post into a finished column in minutes for added beauty and long life.

Maintenance-free cellular PVC material eliminates peeling, painting, rotting or denting. Corners that are pre-mitered with a removable tape along with the patent pending Wrap N' Snap™ lock guarantee a perfect fit with no exposed fasteners.

A complete line of Wrap N' Snap Column Wrap Pre-Mitered Trim Packages is also available. These kits include easy to install trim components including the base, crown molding, bead molding and base molding to accent Wrap N' Snap Column Wrap.

NON TAPERED WRAP N' SNAP

Along with our Smooth Wrap N' Snap, we now offer Fluted Non Tapered Wrap N' Snap. Select the Wrap N' Snap column wrap that best suits your architectural design and style. The Fluted Wrap N' Snap is available in 6", 8" and 10" sizes.
